FORWARD—as times changed within the school this year—one basic bond has remained—friendship. We can change the structures of society but we can never change that good feeling of knowing you have friends. We hope that this book will remind you of the many long-lasting friends you made at Niagara Falls High School

Co-Editors

We, the Class of 1973, dedicate our NIAGARIAN to VASSE4 HODGE in recognition of a man who has continually tried to improve student life at Niagara Falls High School.

We express to you, Mr. Hodge, our sincerest appreciation and admiration for your wisdom, guidance, and understanding, and insight of our problems and your efforts to alleviate them. But mostly, we are grateful for your faith in us, the students of Niagara Falls High School, and our ability to cope with new situations.

We thank you!

Henry Kalfas, Superintendent

Charles Long, Deputy Superintendent

*Dr. Vanderlip, we respect and admire you
Thank you very much for your fine job at

A D M I N I S T R A T I O N

It's been a great adventure — your senior year at NFHS and my position as principal. We have made some significant changes that have improved the school for both the faculty and the students. It was a real privilege to be at NFHS during those hectic days when we opened up the campus. Most of you did very well in helping make the open campus program a success. I will miss the many friends I made while at the High School. We had some great times and I learned as much as you, I'm sure.

Your support, friendship, new ideas and innovations make me very proud of the Class of 1973 — one of the very best. I said, "If you have a problem, see me." It still holds even after your graduation.

Good luck, make your successes, and enjoy!

William Vanderlip

Principal

Twenty years ago, in a message to the class of '53, a former administrator of Niagara Falls High said, "The old order changeth, yielding place to new." Truer words were never written as demonstrated by the geometric changes which have taken place during our arithmetic years.

You young people have grown up in the hydrogen era. You have become keenly aware of the social, economic and political problems which beset our world.

Hopefully, 1973 will bring "peace to all men of good will" and mankind may begin to rectify the economic ills and social injustices which still abound.

Accept this challenge! Strive to better yourselves. Continue your education where possible. Take an active part in community affairs and help your generation to make it's mark.

As you leave your Alma Mater my sincere wishes for your continued success go with you.

*George Stankovich
Vice-Principal*

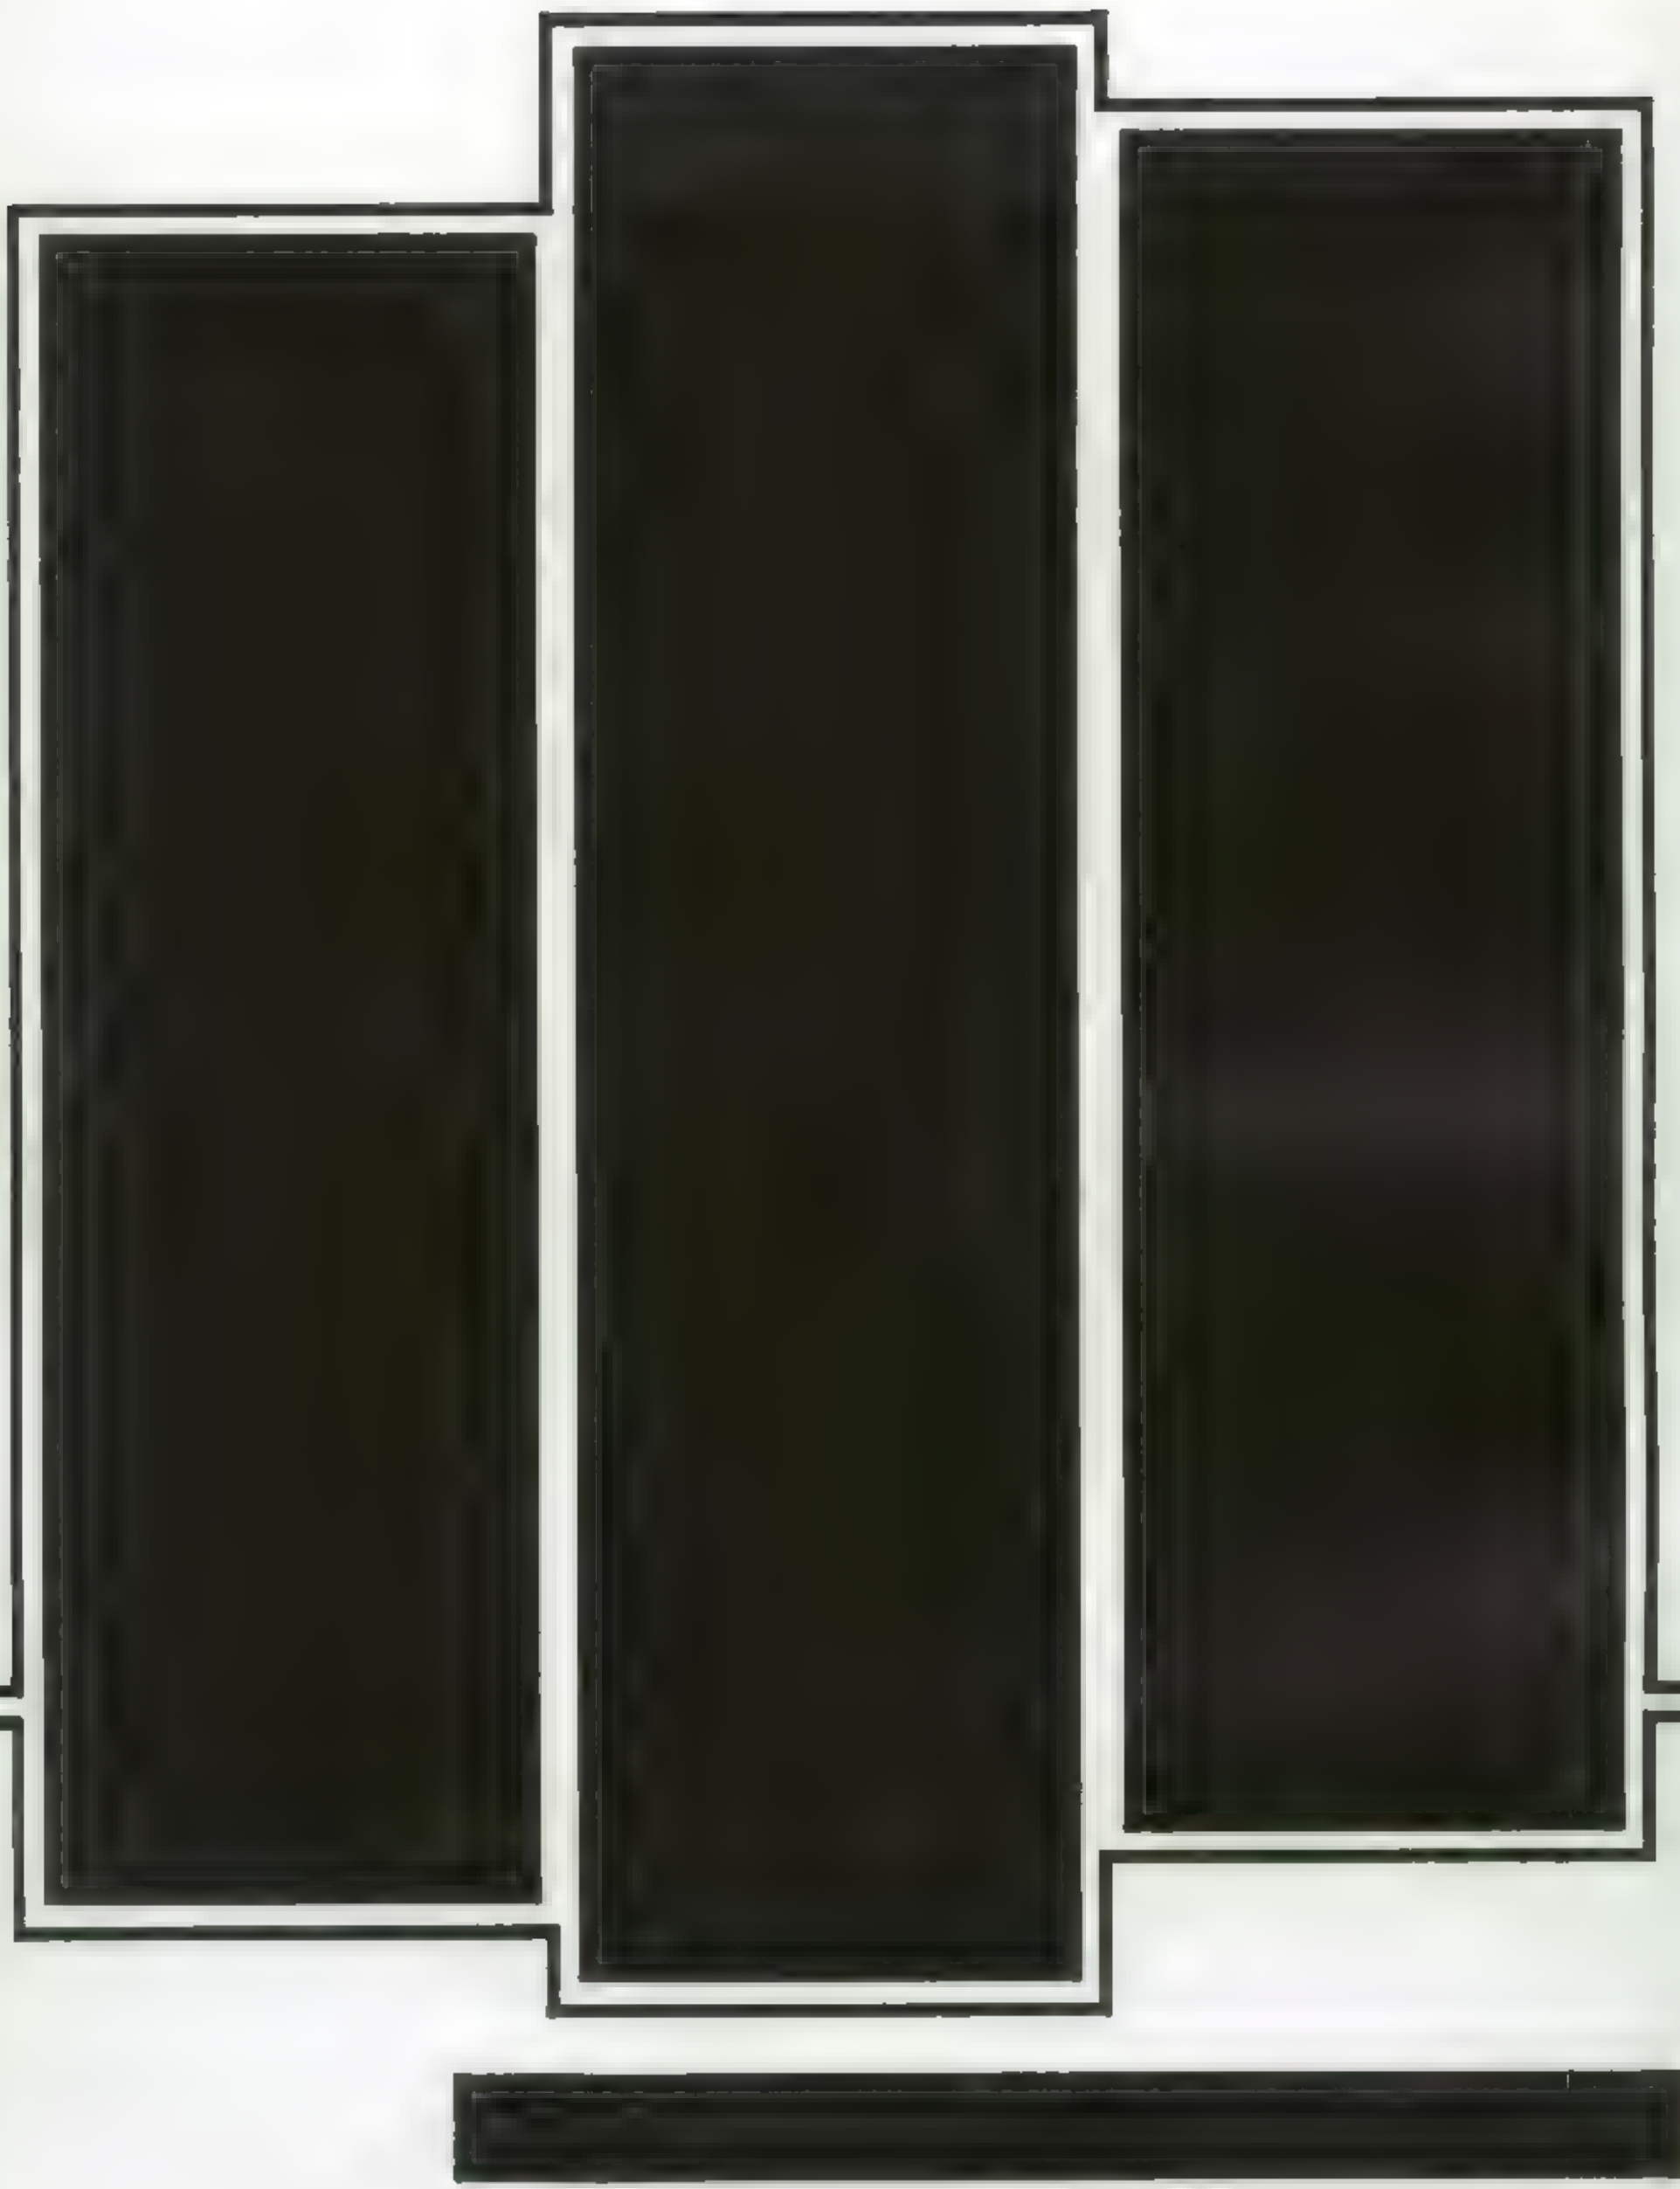

I wish to express my best wishes to all the members of the Class of 1973.

May your hopes and aspirations be achieved. Contribute your share of responsibility and do not be afraid to assume the role of leadership.

Strive for excellence, no matter where your endeavors lead you; remember us.

*Nassea Hodge
Vice-Principal*
